## LISBOA

# 02 ALFAMA AND THE VIEWPOINTS

Alfama is Lisbon's oldest tangle of lanes, and the best way through it is uphill first. Start at the castle, drift down through the lanes to a viewpoint, and end the day with dinner and fado. Wear good shoes.

## MORNING

04

## CASTELO DE SÃO JORGE

*Castle · Alfama*

Go early, before the tour groups. Walk the walls, then just sit: the whole grid of Baixa lies below you, with the river beyond.

## AFTERNOON

05

## MIRADOURO DE SANTA LUZIA

*Viewpoint · Alfama*

A small terrace draped in bougainvillea and framed by blue tiles. Come for the red rooftops and the river, stay for a coffee nearby.

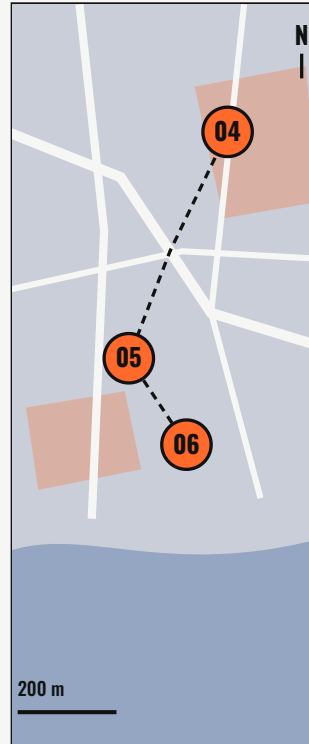

## EVENING

06

## FADO DINNER

*Jantar de fado · Alfama*

Book ahead and go late. Dinner comes first, then the lights drop and the guitar starts. Keep your phone in your pocket.
